Il programma è stato leggermente modificato, soprattutto a partire dalla nona unità, come conseguenza della forzata introduzione della didattica a distanza, che però ha, al contempo, consentito l'introduzione di nuove tecniche di insegnamento basate sulle nuove tecnologie.

Le parti del programma in grassetto rappresentano gli obiettivi minimi, e quindi saranno oggetto della prova per gli alunni con sospensione di giudizio.

Al di fuori del programma, o in alternativa ad alcuni argomenti proposti dal libro di testo, sono state svolte le seguenti attività:

-Greta Thunberg and David Roberts: speeches about global warming

-Schindler's List (movie)

-R .F. Kennedy: speech at Kansas University about the Gross National Product (1968)

-Air travel (photocopy)

-Youtube videos and English grammar (BBC, Canguro English)

Genova, 5 Giugno 2020
